To provide information on the End of Course Examination Credit Recovery Courses for the 2013 Summer Term.

- Only students who must recover a credit(s) are eligible to participate in the adult education summer session.
- The EOC examinations make-up courses for Algebra 1, Geometry and Biology will be offered at all traditional high schools this summer.
- Teachers from high schools and feeder schools recommended by high schools principals will be utilized. They will be paid under the adult education salary structure.
- It is anticipated that 14,000 students will participate in this summer term.
- Boxed lunches will be served to students. Cafeteria managers/workers may have to be hired for the summer.
- The following six courses will be offered for students to make up for the EOC failures:
  - Algebra 1 (120031001) Full Credit Course
  - Geometry (120631001) Full Credit Course
  - Biology 1 (200031001) Full Credit Course
  - Intensive Math-Focus on Alg. (12004000A) Half Credit Course
  - Intensive Math-Focus on Geo. (12004000G) Half Credit Course
  - Intensive Science-Focus on Bio. (200030002) Half Credit Course
- The full credit course will be offered for students who fail the course and the EOC exam. The half credit course will be offered for students who fail the EOC exam only and need to recover the course credit by passing the exam.
- The 2013 Summer Term schedule is attached.
- Training will be provided on Friday, June 14, 2013, by Edgenuity and the Department of Math and Science at 4 locations for Math and Science teachers during the week prior to the beginning of the summer term. There will be 8 morning and afternoon sessions per location utilizing 16 trainers (four per location, two for math and two for science).
A school counselor will be required for the week of June 10-14, 2013, to process credit authorization forms. They will work 5 hours per day for a total of 25 hours.

Testing will take place July 22 - August 9, 2013.
Biology EOC exam will take place July 22-26, 2013
Algebra I EOC exam will take place July 29-August 2, 2013.
Geometry EOC exam will take place August 5-9, 2013.

Existing K-12 Test Chairpersons will be utilized, if possible, in order to facilitate the volume of testing required.
